From the Heart

I don’t go to movies and now
there’s that cowboy-queer thing.

Hollywood’ll be happy when we
all turn into faggots.

The newspapers and the TV, they’re
Communist Jews. That’s the short

and sweet. And when it’s not that,it’s
smut. Keep all the wiggling in the bed-
room where it’s your own business.

Without Sean and Rush and a few
others I wouldn’t find out nothing.

Bible is fine if you don’t listen
to half the preachers who
are fruits or worse.

And the Blackies just want
their revolution with whites
as waiters. “Boy, bring me a gin!”
That’ll be the fuckin day!

Anybody can come for me anytime.
Let’s see how they talk their shit
with their heads blown off!
